# OUR MISSION

Here at the Dry Eye Healing Institute, we take a novel approach to dry eye by mitigating both the signs and symptoms of Dry Eye Disease and Blepharitis. Leave with your eyes feeling soothed and refreshed.

It's more than just constant eye dropping!

### **OUR SERVICES**

Dry Eye Disease is a chronic, inflammatory, and sometimes progressive condition that affects at least 30 million people in the U.S, many not yet diagnosed. DED is *not* considered normal aging.

This condition is best treated early since it may be more difficult to control as it advances, and when severe, has the potential to affect quality of life. We're bringing a holistic approach to eyecare.

### "Drug-Free, Drop-Free Treatments"

- Amniotic Membranes
- BlephEx Zest Blepharitis
- iLux MGD Treatment
- Lumenis IPL
- PRP Eye Therapy

#### INTENSE PULSED LIGHT (IPL)

Gently and effectively treats your skin and eyelid inflammation with maximum safety, comfort, and full customization to your skin type and condition.

## EYELID STRUCTURE AND FUNCTION ASSESMENTS

Cutting edge technology of your oil gland structure. Designed for efficient imaging of Meibomian Gland Structure in High Definition using LipiScan.

#### ILUX MGD TREATMENT

Experience fast and effective relief through a proven method to melt the clogged gland oils and remove significant gland obstructions.

#### **MICROBLEPHAROEXFOLIATION**

Performed to remove demodex dandruff, biofilm, and oil residue from eyelid margins.

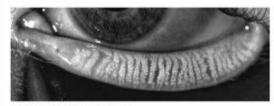

## MEIBOMIAN GLAND DYSFUNCTION (MGD)

Healthy Meibomian glands secrete oil with every blink, this oil serves as a critical component of a healthy tear film. When the glands are not functioning correctly this is referred to as MGD, which is the leading cause of Dry Eye Disease and can be the source of your symptoms.

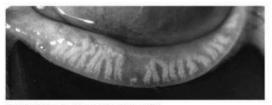

#### WHAT CAUSES IT?

This is caused by a change in the Meibomian glands. If left untreated, MGD is a chronic progressive condition and may worsen overtime

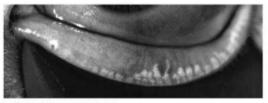

#### What Do Meibomian Glands Look Like?

NORMAL GLAND STRUCTURE

SHORTENED GLANDS & GLAND LOSS

SIGNIFICANT GLAND LOSS
